

DuraBarrier

2 Great New Options

The **DuraBarrier** is a modular wall system that has been tested for up to 6-hours of fire protection.

The **DuraBarrier** can be used in interior and exterior applications. With the benefit of modular construction, DuraSystems' walls, enclosures, and barriers offer quick and easy bolt on installations. The **DuraBarrier** is also demountable for easy maintenance. These benefits ensure downtime and interruptions are kept to an absolute minimum.

Option 1: Acoustic Enhancement: Properties

Frequency (Hz)	125	250	500	1000	2000	4000	NRC
Absorption	0.81	1.39	1.21	1.17	1.07	0.93	1.20

Frequency (Hz)	125	250	500	1000	2000	4000	STC
Transmission Loss	20	25	31	48	50	50	45

Option 2: Ballistic Enhancement: Testing Results

The **DuraBarrier** has been tested to NIJ Standards. Testing was passed at a Level 3 at 100 yards.
